The Secretary informed the Council that he had written Mr. Cashman of the Provincial Fire Commission with regard to having Mr. Bedard of the Provincial Civil Defence speak at Beiseker but had received no answer. Councillor Louis moved that our own Civil Defence Controller, Mrs. Byers, be asked to prepare a program to be given at the second meeting in January of next year of the local Lions' Club. Carried. The Secretary was asked to contact Mrs. Byers and the Lions' Club Entertainment Committee to that effect.

The Council was informed by the Secretary that the Village had applied to the Calgary Rural Hospital District #63 to be admitted to the district and had been accepted. They were also informed that a letter had been sent to the Minister of Health, Provincial, asking permission to enter the said District. The Council then directed the Secretary to make up a letter informing the tax-payers and the Non-tax-payers of the above agreement as soon as the Minister's approval had been received.

The Municipal Inspector's Report was read and considered. Councillor Louis requested the Secretary to compose a letter to the Inspector acknowledging the report and stating that the oversights mentioned in the report were noted and that when next year's business is set up that they would be watched carefully.

Because of some confusion as to the origin of the new signs put up in some of the business places in the Village which read that no dogs are allowed in said place by authority of the local board of health the secretary was instructed to attempt to discover the origin to the satisfaction of some of the ratepayers.

Councillors Adam and Leo both reported that they had been approached by ratepayers requesting information regarding the closing hours of the Beisler Hotel (10:00a.m.-6:30p.m. and 7:30p.m.-10:00p.m.) and that said ratepayers were dissatisfied with the ^{one} half hour gap which they feel is sending business out of town. The Secretary was requested to get a ruling from the Liquor Control Board.

George Schmaltz Senior was represented at the meeting by G. N. Schmaltz with regard to the amount of the current taxes placed on 8-18, 13, 1192FR which he thought was too much for that particular land. Mr. George Schmaltz's reasons for complaint were heard by the Council and after some deliberation they informed the representative that too much time had elapsed since the tax notices had gone out for much to be done but that when the next years assessments are made up that the above mentioned land would come up for re-assessment. Mr. G. N. Schmaltz was satisfied with this arrangement and thanked the Council for its consideration.

The Council discussed to some length the organization of the local fire department and its equipment. It was felt that because of problems arising out of two recent fires that certain things should be done. Moved by Councillor Adam that Councillor Leo see that the siren is mounted on its tower, wired and have attached one switch on the fire hall. Also that the fire hall be wired to include a light inside. Also that the fire hall be remodelled to include a bolt on the inside of the main door to be reached by a breakable glass panel and that the South wall have a door made in it for ordinary entry and testing. Councillor Louis was to see about this latter part of the motion.

The problem of a caretaker for the skating-rink was discussed and Councillors Leo and Adam were agreed to see Mr. Henry Reifsnyder to that effect next day. The secretary was asked to contact the local Lions' Club to ask for permission to use the latter's record player and amplifier for the skating season.

Moved by Councillor Louis that Mr. C.F. Lohrke be appointed local Sanitary-Inspector for the year 1952. Carried. The Secretary was to notify the Department of Health and Mr. Lohrke to that effect.
