Dear Alan:

RE: Proposed Amending By-law 90-12

In reply to your request of September 26, 1990 regarding proposed amending By-law 90-12, we have the following comments:

While perhaps a bit premature, the proposed redesignation of the subject lots from Central Business Expansion District (CB-1) to Residential Single Family District (R-1) is consistent with the current deliberations and stance of the Beiseker Land Use By-law Review Team. For this reason, we have no objections to the proposed amendment.

Yours truly,

Nicholas Makale, Planner  
Urban Planning Division
